

ETHICAL BEHAVIOR AND PROFESSIONAL HONESTY

Fair and accurate assessment are key factors that must be at the core of education. Any act of a student that would cause unfair advantage to himself/herself or another student is considered an academic dishonesty. It is also academic dishonesty to copy someone else's work and make it look like his/her own. This is called theft.

Allowing someone else to copy your work and make it look like his/her own is also fraud. It is both wrong and unethical to provide all kinds of unfair profits and advantages. It is also wrong to prepare the assignments, projects or laboratory reports of the other students. Doing this is not ethical, neither. Likewise, having his/her own homework, project or laboratory report being prepared and written by someone else is also a complete deception and immorality.

Using another student's answers, homework or reports without his/her knowledge is nothing but stealing that student's labor and this is called theft. It is the same thing to pass the course by cheating in exams.

It is also wrong and unethical to deliver false or unrealized internship reports as if they were actually made.

We should not forget that those who cannot learn the truth when they are students, continue these mistakes after graduation and become one of the characters we complain about in the society.

We expect our students and alumni to have ethical and humanly behaviors during both their professional business and social lives. For this, we want you to promise us that you will obey the ethical rules by signing this form.

Let us fight with unethical behavior.

Head of the department

I believe the ethical rules mentioned above are correct and I followed them during my internship here. I also promise to follow the ethical rules from now on, too.

Student No	Student Name and Surname	Date	Signature
.....

Approval of the engineer who signed the internship report

Title, name, surname and signature:

Each student will fill in this "Ethical Behavior and Professional Honesty" form just once for each internship period and submit it with the internship report.
